

The change are you

Benissa needs a solid, progressive and democratic government to improve the lives of Benissa's citizens.

After months of working and thanks also to your help, from Compromís Benissa we have developed all these proposals to make the change a reality.

And you, do you want to make it possible?

#TheBenissaWeWantForYou

 **compromís Benissa**

Social welfare

We will build a day care centre.

We will create social housing for youth and families at risk of social exclusion.

We will extend the Benibús service all year round and will add more stops.

We will extend the home meal service for the elderly and for dependent people.

We will create a gardening waste collection service.

We will provide Civil Protection and ABAI volunteers with more and better resources.

We will increase lifeguard services in the coastal coves as well as providing them with public toilets.

We will improve connectivity throughout the municipality.

Sustainability

We will extend the cleaning services throughout the municipality.

We will expand underground containers to improve sanitation.

We will create local solar energy cooperatives.

We will lower taxes on clean energy homes.

We will set up a local farmland bank.

We will promote the use of renewable energy in municipal facilities.

We will improve the recycling system of the waste plant.

We will include the SDGs and the 2030 agenda as principles in the contracting of public services.

Promotion of employment

We will promote the expansion of the La Pedrera Industrial Estate.

We will implement Local Employment Plans to improve labour insertion.

We will create courses in traditional trades, languages and first insight into new technologies.

We will promote agriculture and local crops by promoting a cooperative for local producers.

We will promote local products and local gastronomy, supporting local commerce.

Education and healthy living

We will increase the number of psychology staff in educational centres.

We will create and open study rooms and extend library opening hours.

We will increase financial support for students, including those with special educational needs, and transport grants.

We will promote all sorts of sports disciplines.

We will create the Sports Council to advise on nutrition, injuries and physiotherapy.

We will adapt public sports areas for people with functional diversity.

We will upgrade the athletics track in order to standardise it.

Culture

We will provide spaces for musical and artistic performances.

We will rehabilitate emblematic public buildings for their public use and ensure that they stay in good condition.

We will support initiatives for the rehabilitation of the historic centre.

We will promote and recognise local artists.

We will encourage initiatives to attract quality and sustainable tourism.

We will promote heritage, gastronomy and local farming.

We will improve the village with artwork and open murals.

Town to live in

We will improve the street lighting in the town centre as well as in the coastal area.

We will create a fixed bus line connecting the town with the train station of FGV, coastal and rural areas and industrial estates.

We will create casals festers (social clubs) during the patron saint's festivities.

We will extend the educational services at the Seu Universitària d'Alacant.

We will install digital informative displays on activities and information of local and cultural relevance.

We will promote cultural activities with a programme aimed at children and teenagers.

We will provide a space where people at risk of social exclusion can go.

Urban planning

We will pedestrianise Plaça Rei Jaume I and Dolors Piera and promote the underground car park project.

We will adapt and pave public car parks in the town centre.

We will adapt the Avenida País Valencià to the needs of the town.

We will discuss and approve the new General Town Urban Planning Project.

We will promote the planting of new trees and other native species.

We will create the north and south ring road to improve connectivity.

We will improve communication between the town centre and the train station with the lending of electric bicycles and the creation of the cycle lane.

Transparency

We will make the Municipal Budgets participatory.

We will improve the municipal website and the transparency portal to make it more accessible.

We will ask for the 1.5% that belongs to Benissa of the total cost of the work on the N-332 bypass.

We will provide associations with spaces where they can meet and organise their activities.

We will create an office to orientate and inform about subsidies and public aids.

We will improve the working conditions of the employees of Benissa Town Hall.

We will offer an operational Green Line (Línea Verde).
